

# IN WELD COUNTY

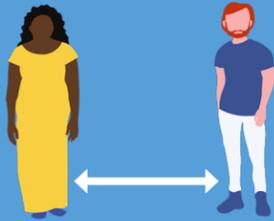

We value family, we watch out for our neighbors, we tell it like it is, we forge our own path, and we love our independent spirit. That's why when it comes to COVID-19, Weld County promotes personal responsibility and common sense in slowing the spread of the virus. So ... Be **WELL**. Be **WELD**.

## WASH YOUR HANDS OFTEN

Your mom has been telling you this for years. Make her proud.

## PRACTICE PHYSICAL DISTANCING

We like our space. Keeping 6 feet from others reduces virus spread.

## CONSIDER A FACE COVERING

Keep your germs where they belong — away from others.

## STAY HOME IF YOU ARE SICK

Don't be *\*that\** person in the office or in public.
