Return to Case Manager:

Notice to Physical/Mental Health Care Provider

Attached you will find the Weld County Work Status Report (also known as a Med 9 Form). The purpose of this form is to determine if a TANF (Temporary Assistance for Needy Families) client is able to participate in a work program administrated by the Department of Social Services and contracted by Employment Services of Weld County. According to TANF law, anyone requesting cash assistance from the government with children over the age of three months is required to participate in a work program to help them to become self-supporting as part of welfare reform. Activities we assign our clients vary on a case by case basis and can range from job search to GED remediation to placement in a community service activity. All activities are designed to give our clients the tools they need for success. In addition, we have a limited time to provide services to these individuals; twenty-four months to help them become work ready or obtain SSI/SSDI benefits and total of sixty months in their ***lifetime.***

The client who has provided this form to you is a participant in the TANF program. We would like to help this individual become successful in attaining the employment/life skills and work maturity they need to seek, obtain, and maintain employment. Some of our clients have physical and/or mental barriers that legitimately keep them from entering the workforce, and the Social Security process can be lengthy and difficult. We also have individuals who are temporarily unable to participate with our program because of an injury or other trauma. But many also manipulate the medical/mental health system in an attempt to keep from participating in assigned work activities. Unfortunately, this only hinders them and hurts their families by preventing them from achieving something more than simply making ends meet and not taking the opportunity to transcend poverty.

As the work program is a requirement of this client receiving monetary benefits we would appreciate your cooperation in filling out this form with the aforementioned information in mind.

Thank you and have a wonderful day.
