RE: Notification of revisions to the Right-of-Way Use Permit Application and Fee update

To Whom It May Concern:

This letter shall serve as notification that the Board of County Commissioners have approved an update to the Weld County Code as of December 21, 2020. The update includes the addition of two (2) new fees to the Right-of-Way Use Permit fee schedule under the Administrative fees. Per Ordinance 2020-19, all code updates and fees will become effective January 1, 2021.

The Right-of-Way Use Permit application has been updated to include additional categories of work types and construction and reclamation procedures. The new application has been formatted to be entirely fillable with active check box, typing, and calendar date fields.

A copy of the new Right-of-Way Use Permit Application, Permit Requirements, and Fee Schedule have been attached for your information. These documents and a copy of the updated Weld County Code (see Chapter 8) will be available on the Weld County website at www.weldgov.com/departments/public_works/permits

If you have any questions regarding the new Right-of-Way Use Permit or Code changes, please contact Amy Mutchie, Permitting/Inspection Coordinator at 970-400-3764 or amutchie@co.weld.co.us.
