The Assessor's office has nothing to do with the making of the several levies but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. Their office figures and extends the tax and completes the rolls—which are finished and balanced they are delivered to the Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets are determined by the school boards and voters of school districts.

City and Town levies are made by City and Town Board.

County Tax levies are made by the County Commissioners.

Irrigation District Levies are made by the District Boards.

The Annual Tax Sale is usually held the first Saturday in December.

1923 taxes are due January 1st, 1924. Taxes may be paid in two equal payments. To avoid penalties, the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of 1 per cent per month, or fraction thereof. All unpaid taxes become delinquent August 1st, and bears interest at the rate of 15 per cent per annum.

In correspondence with either this office or the Treasurer's office please refer to your schedule and letter number.

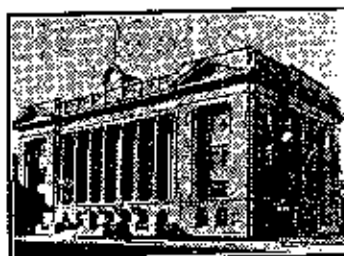

HOMER F. REDFORD,
Assessor, Weld County,
 Greeley, Colorado.

GENERAL INFORMATION

The Assessor's office has nothing to do with the making of the several levies but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls—when finished and balanced, they are delivered to the Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets are determined by the school board and voters of school districts.

City and Town levies are made by City and Town Councils.

County tax levies are made by the County Commissioners.

Irrigation District levies are made by the District Boards.

This Abstract of Taxes is usually filed on or before the second Monday in November.

1926 taxes are due January 1st, 1927. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of 10 per cent per annum, or fraction thereof.

All unpaid taxes become delinquent August 1st, and bear interest at the rate of 10 per cent per annum from date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to your schedule and school district number.

WELD COUNTY

Computed by School Districts the average total tax in the 133 districts of the county is 21.54 mills. This includes the districts containing towns but takes no account of the town tax. In an average district the owner of property assessed at \$1,000 would pay a tax of \$21.54.

Treasurer would receive \$ 3.67 or 17.02 per cent
County Bond fund would receive \$ 8.05 or 12.53 per cent
General School fund of \$ 5.78 or 17.55 per cent
Other County Funds \$ 3.15 or 14.64 per cent
District School Funds \$ 1.54 or 33.85 per cent

Total \$21.54 or 100 per cent

Of the above amount the schools of the county receive \$11.72 or 54.4 per cent of the total amount of all taxes collected.

AGRICULTURAL LANDS

Acres	per Acre	Property	Valuation

Total	\$732.19

WELD COUNTY

Computed by School Districts the average total tax levy in the 123 districts of the county is 23.29 mills. This includes the districts containing towns but takes no account of the town tax. In an average district the owner of property assessed at \$1,000 would pay a tax of \$23.29 as follows:

State Treasurer would receive	3.59 or 35.95%
County Road Fund would get	8.00 or 80.00%
General School Fund of County	4.18 or 41.85%
Other County Funds	3.48 or 34.85%
District Schools receive	9.19 or 91.90%

Total	\$23.29 100 %
-------	---------------

Of the above amount the schools of the County receive \$13.83 or 59.44 per cent of the total amount of all taxes collected.

GENERAL INFORMATION

This office has nothing to do with the collection of taxes. It has jurisdiction relative to the valuation of real and personal property of the county, except railroads, foreign companies and other public utility corporations. This office also collects the tax and completes the rolls. Taxes are collected and delivered to the County Treasurer for collection.

Taxes are made by State officials. The valuation of school district taxes are determined by the school board and voters of school districts. City and Town taxes are made by City and Town Boards. County taxes are made by the County Commissioners. Township, District and Precinct taxes are made by the District Boards.

The Annual Tax Sale is usually held on or before the second Monday in November.

Taxes are due January 1st, 1933. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid on or before March 1st, and the second half must be paid on or before August 1st.

On March 1st or August 1st the first half bears interest at the rate of 10 per cent per annum, or 12 per cent interest.

The total amount of taxes due may be paid on or before August 1st without penalty or interest.

All taxes become delinquent August 1st, and bear interest at the rate of 10 per cent per annum until date of payment.

For correspondence with either this office or the Treasurer's office please refer to several numbers, and school district number.

WELD COUNTY

Computed by School Districts the average total tax levy in the 149 districts of the county is 21.59 mills. This includes the districts containing towns but takes no account of the town tax. In an average district the owner of property assessed at \$1,000 would pay a tax of \$21.59 as follows:

State Treasurer would receive	\$ 8.40 or 16.17%
County Road Fund would get	2.11 or 9.77%
General School Fund of County	4.20 or 19.45%
Other County Funds	2.10 or 9.73%
District Schools receive	8.60 or 44.88%

Total

Of the above amount the schools of the County receive \$13.89 or 64.33 per cent of the total amount of all taxes collected.

Grand total of all taxes 1931		\$2,763,000.91
Decrease in all taxes under 1930	\$555,701.57	

GENERAL INFORMATION

The Assessor's office has nothing to do with the making of the several levies but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls—when finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets are determined by the school board and voters of school districts.

City and Town levies are made by City and Town Boards.

County tax levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

The Annual Tax Sale is usually held on or before the second Monday in November.

1931 taxes are due January 1st, 1932. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of 10 per cent per annum, or fraction thereof.

The total amount of taxes due may be paid on or before May 1st without penalty or interest.

All unpaid taxes become delinquent August 1st, and bear interest at the rate of 10 per cent per annum until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

HOMER F. BEDFORD,

Assessor, Weld County
Greeley, Colorado

Abstract of Assessment

**Information Relating to
Valuations, Levies
and Distribution
of Taxes**

Weld County, Colorado

NOTE: HOW TO FIGURE YOUR OWN TAXES

If your property is in an incorporated town, multiply your valuation by the "Total Town, School, State and County Levy" which is last item opposite your Town on page 6

If your property is not in an incorporated town, multiply your valuation by the "Total State, County and School Levy" which is last item opposite your school district on page 2 or 3.

Decrease in all taxes under 1932, \$167,512.95.

Number of 1933 Tax Schedules 22,914.

GENERAL INFORMATION

The Assessor's office has nothing to do with the making of the several levies but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls—when finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets are determined by the school board and voters of school districts.

City and Town levies are made by City and Town Boards.

County tax levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

Property will be advertised for sale for delinquent taxes on or about October 15th, 1934, and sold about December 1st, 1934.

1933 taxes are due January 1st, 1934. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of 8 per cent per annum.

The total amount of taxes due may be paid on or before April 30 without penalty or interest.

All unpaid taxes become delinquent August 1st, and bear interest at the rate of 8 per cent per annum until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

Number of 1934 Tax Schedules, 25,238.		

GENERAL INFORMATION

The Assessor's office has nothing to do with the making of the several levies but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls—when finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets are determined by the school board and voters of school districts.

City and Town levies are made by City and Town Boards.

County tax levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

Property will be advertised for sale for delinquent taxes on or about October 15th, 1935, and sold about December 1st, 1935.

1934 taxes are due January 1st, 1935. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of 6 per cent per annum.

The total amount of taxes due may be paid on or before April 30 without penalty or interest.

All unpaid taxes become delinquent August 1st, and bear interest at the rate of 8 per cent per annum until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

CHAS. M. (BUD) WHITESIDE,

Assessor, Weld County
Greeley, Colorado

Abstract of Assessment

Information Relating to
Valuations, Levies
and Distribution
of Taxes

Weld County

COLORADO

1935

Approved By
The Colorado Tax Commission
The State Board of Equalization
and the
County Board of Equalization

This abstract, compiled by the Assessor's
office, is distributed to taxpayers and
others interested. Please look over care-
fully and file for future reference.

Number of 1935 Tax Schedules 28,498		

GENERAL INFORMATION

The Assessor's office has nothing to do with the making of the several levies but has jurisdiction relative to the valuation of real and personal property of the county, excepted roads, telegraph companies and other public utility corporations. When office figures and extends the tax and completes the roll, when finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials.
 The amount of school district budgets are determined by school board and voters of school districts.

City and Town levies are made by City and Town Boards.
 County tax levies are made by the County Board.
 Irrigation District and Drainage District taxes are made by the District Boards.

Property will be advertised for sale for delinquent taxes on or about October 15th, 1935, and sold about December 1st, 1935.

1935 taxes are due January 1st, 1936. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of 8 per cent per annum.

The total amount of taxes due may be paid prior to April 30 without penalty or interest.

All unpaid taxes become delinquent August 1st, and bear interest at the rate of 8 per cent per annum until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

CHAS. M. (BUR) WHITESIDE

Assessor, Weld County

222 Broadway Building

Abstract of Assessment

INFORMATION RELATING TO
VALUATION, LEVIES
AND DISTRIBUTION
OF TAXES

WELD COUNTY
COLORADO

1936

Approved By
The Colorado Tax Commission
The State Board of Equalization
and the
County Board of Equalization

This abstract compiled by the Assessor's
office is distributed to taxpayers and others
interested. Please look over carefully and
file for future reference.

NOTE: HOW TO FIGURE YOUR OWN TAPES

I only wish to fasten this capsule upon you on page 5.

If your property is not in an incorporated town, notify your valuation by the "Tract State County and School" which is listed from census of your school district on page 2 of 3.

GENERAL INFORMATION

The Research office has nothing to do with the taxing of the several cities, but has jurisdiction, rather, to the violation of real and personal property of the county, except, of course, telegraph companies and electric and utility corporations. This office investigates, and except that the need samples, the contraband searched and seizures they are referred to the Customs and Treasury for production.

State Tax Devices Are Traced by State Officials

The magnitude of school spending budgets are determined by the school board and voters of each district.

City and Town Leases are made by City and Town Boards.

County Tax Levies are fixed by the County Commissioners

Tramway District and Conduage District taxes are made by the District Boards.

Manuscript will be advertised for sale at a public sale on or about October 15th, 1937, and sold about December 1st, 1937.

1986 taxes are due January 15, 1987. Taxes may be paid in two equal payments. To avoid penalties the first installment is paid prior

to March 1st, and the second half must be paid prior to August 1st, 1939, March 1st to August 1st the first half bears interest at the rate of 6 per cent per annum.

* The less amount of taxes due may be paid now or before April 15th without penalty or interest.

All unpaid taxes become delinquent April 1st, and bear interest at the rate of 8 per cent per annum until date of payment.

In correspondence with author, this officer the Treasurer's office please refer to exchange number and school district number.

Number of 1937 Tax Schedules, 24,066.

CHAS. M. (BUD) WHITESIDE
 County Assessor
 Greeley, Colorado

How to Figure Your Own Taxes

If your property is in an incorporated town, multiply your valuation by the "Total Town, School, State and County Levy" which is last item opposite your town on page 5.*

If your property is not in an incorporated town, multiply your valuation by the "Total State, County and School Levy" which is last item opposite your school district on page 2 or 3.*

* Add .0003 to this levy before multiplying by the valuation if property is located in the Northern Colorado Water Conservancy District.

General Information

The Assessor's office has nothing to do with the making of the several levies but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls—when finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets are determined by the school board and voters of school districts.

City and Town levies are made by City and Town Boards.

County tax levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

Property will be advertised for sale for delinquent taxes on or about October 15th, 1938, and sold about December 1st, 1938.

1937 taxes are due January 1st, 1938. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of 6 per cent per annum.

The total amount of taxes due may be paid on or before April 30 without penalty or interest.

All unpaid taxes become delinquent August 1st, and bear interest at the rate of 8 per cent per annum until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

CHAS. M. (BUD) WHITESIDE,
Assessor, Weld County,
Greeley, Colorado.

Abstract of Assessment

INFORMATION RELATING TO
VALUATIONS, LEVIES
AND DISTRIBUTION
OF TAXES

WELD COUNTY
COLORADO

1938

Approved By
The Colorado Tax Commission
The State Board of Equalization
and the
County Board of Equalization

This abstract, compiled by the Assessor's
office, is distributed to taxpayers and others
interested. Please look over carefully and
file for future reference.

CHAS. M. (BUD) WHITESIDE
 County Assessor
 Greeley, Colorado

How to Figure Your Own Taxes

If your property is in an incorporated town, multiply your valuation by the "Total Town, School, State and County Levy" which is last item opposite your Town on page 5.*

If your property is not in an incorporated town, multiply your valuation by the "Total State, County and School Levy" which is last item opposite your school district on page 2 or 3.*

* Add .0004 to this levy before multiplying by the valuation if property is located in the Northern Colorado Water Conservancy District.

General Information

The Assessor's office has nothing to do with the making of the several levies but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls when finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets are determined by the school board and voters of school districts.

City and Town levies are made by City and Town Boards.

County tax levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

Property will be advertised for sale for delinquent taxes on or about October 15th, 1939, and sold about December 1st, 1939.

1938 taxes are due January 1st, 1939. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of 6 per cent per annum.

The total amount of taxes due may be paid on or before April 30 without penalty or interest.

All unpaid taxes become delinquent August 1st and bear interest at the rate of 8 per cent per annum until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

CHAS. M. (BUD) WHITESIDE,
Assessor, Weld County,
Greeley, Colorado.

Abstract of Assessment

INFORMATION RELATING TO
VALUATIONS, LEVIES
AND DISTRIBUTION
OF TAXES

WELD COUNTY
COLORADO

1939

Approved by
The County Board of Equalization
The Colorado Tax Commission
and amended by
The State Board of Equalization

This abstract, compiled by the Assessor's
office, is distributed to taxpayers and others
interested. Please look over carefully and
file for future reference.

CHAS. M. (BUD) WHITESIDE
 County Assessor
 Greeley, Colorado

How to Figure Your Own Taxes

If your property is in an incorporated town, multiply your valuation by the "Total Town, School, State and County Levy" which is last item opposite your town on page 5.*

If your property is not in an incorporated town, multiply your valuation by the "Total State, County and School Levy" which is last item opposite your school district on page 2 or 3.*

* Add .0004 to this levy before multiplying by the valuation if property is located in the Northern Colorado Water Conservancy District.

General Information

The Assessor's office has nothing to do with the making of the several levies when within the legal limits provided by law, but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls when finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets is determined by the school board and voters of school districts.

City and Town levies are made by City and Town Boards.

County tax levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

Property will be advertised for sale for delinquent taxes on or about October 25th, 1940 and sold December 9th, 1940.

1939 taxes are due January 1st, 1940. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of 6 per cent per annum.

The total amount of taxes due may be paid on or before April 30 without penalty or interest.

All unpaid taxes become delinquent August 1st and bear interest at the rate of 8 per cent per annum until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

CHAS. M. (BUD) WHITESIDE
Assessor, Weld County,
Greeley, Colorado.
