Number of 1940 Schedules	23,601	

CHAS. M. (BUD) WHITESIDE
County Assessor
Greeley, Colorado

How to Figure Your Own Taxes

If your property is in an incorporated town, multiply your valuation by the "Total Town, School, State and County Levy" which is last item opposite your Town on Page 5.*

If your property is not in an incorporated town, multiply your valuation by the "Total State, County and School Levy" which is last item opposite your school district on page 2 or 3.*

* Add .0002 to this levy before multiplying by the valuation if property is located in the Northern Colorado Water Conservancy District.

General Information

The Assessor's office has nothing to do with the making of the several levies when within the legal limits provided by law, but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls—when finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets is determined by the school board and voters of school districts.

City and Town levies are made by City and Town Boards.

County tax levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

Property will be advertised for sale for delinquent taxes on or about October 25th, 1941, and sold December 8th, 1941.

1940 taxes are due January 1st, 1941. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of 6 per cent. per annum.

The total amount of taxes due may be paid on or before April 30 without penalty or interest.

All unpaid taxes become delinquent August 1st, and bear interest at the rate of 8 per cent. per annum until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

CHAS. M. (BUD) WHITESIDE,
Assessor, Weld County,
Greeley, Colorado.

Abstract of Assessment

INFORMATION RELATIVE TO
VALUATION, LEVIES
AND DISTRIBUTION
OF TAXES

WELD COUNTY

COLORADO

1941

Approved by
The County Board of Equalization
The Colorado State Tax Commission
and
The State Board of Equalization

This abstract, compiled by the Assessor's
office, is distributed to taxpayers and others
interested. Please look over carefully and
file for future reference.

CHAS. M. (BUD) WHITESIDE

County Assessor

Greeley, Colorado

How to Figure Your Own Taxes

If your property is in an incorporated town, multiply your valuation by the "Total Town, School, State and County Levy" which is last item opposite your Town on page 5.*

If your property is not in an incorporated town, multiply your valuation by the "Total State, County and School Levy" which is last item opposite your school district on pages 2 or 3.*

* Add .0003 to this levy before multiplying by the valuation if property is located in the Northern Colorado Water Conservancy District.

General Information

The Assessor's office has nothing to do with the making of the several levies when within the legal limits provided by law, but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls—when finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets is determined by the school boards and voters of school districts.

City and Town levies are made by City and Town Boards.

County tax levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

Personal property tax becomes delinquent May 1st 1942 and if not paid by August 1st will be advertised in September.

Real Estate will be advertised for sale for delinquent taxes on or about October 26th, 1942, and sold December 14th, 1942.

1941 taxes are due January 1st, 1942. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of 6 per cent. per annum.

The total amount of taxes due may be paid on or before April 30 without penalty or interest.

All unpaid Real Estate taxes become delinquent August 1st., and bear interest at the rate of 8 per cent. per annum until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

CHAS. M. (BUD) WHITESIDE,
Assessor, Weld County,
Greeley, Colorado.

Abstract of Assessment

INFORMATION RELATIVE TO
VALUATION, LEVIES
AND DISTRIBUTION

CHAS. M. (BUD) WHITESIDE

County Assessor

Greeley, Colorado

How to Figure Your Own Taxes

If your property is in an incorporated town, multiply your valuation by the "Total Town, School, State and County Levy" which is last item opposite your Town on page 5.*

If your property is not in an incorporated town, multiply your valuation by the "Total State, County and School Levy" which is last item opposite your school district on pages 2 or 3.*

* Add .0003 to this levy before multiplying by the valuation if property is located in the Northern Colorado Water Conservancy District.

General Information

The Assessor's office has nothing to do with the making of the several levies when within the legal limits provided by law, but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls —when finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets is determined by the school boards and voters of school districts.

City and Town levies are made by City and Town Boards.

County tax levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

Personal property tax becomes delinquent May 1st, 1943 and if not paid by August 1st will be advertised in September.

Real Estate will be advertised for sale for delinquent taxes on or about October 26th, 1943, and sold December 13th, 1943.

1942 taxes are due January 1st, 1943. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of 8 per cent, per annum.

The total amount of taxes due may be paid on or before April 30 without penalty or interest.

All unpaid Real Estate taxes become delinquent August 1st, and bear interest at the rate of 8 per cent, per annum until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

CHAS. M. (BUD) WHITESIDE
 County Assessor
 Greeley, Colorado

How To Figure Your Own Taxes

If your property is in an incorporated town, multiply your valuation by the "Total Town, School, State and County Levy" which is last item opposite your Town on page 5.*

If your property is not in an incorporated town, multiply your valuation by the "Total State, County and School Levy" which is last item opposite your school district on pages 2 or 3.*

* Add .0003 to this levy before multiplying by the valuation if property is located in the Northern Colorado Water Conservancy District.

General Information

The Assessor's office has nothing to do with the making of the several levies when within the legal limits provided by law, but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls --when finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets is determined by the school boards and voters of school districts.

City and Town levies are made by City and Town Boards.

County tax levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

Personal property tax becomes delinquent May 1st, 1944 and if not paid by August 1st will be advertised in September.

Real Estate will be advertised for sale for delinquent taxes on or about October 26th, 1944, and sold December 11th, 1944.

1943 taxes are due January 1st, 1944. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of $\frac{1}{2}$ per cent. per month or fraction thereof.

The total amount of taxes due may be paid on or before April 30 without penalty or interest.

All unpaid Real Estate taxes become delinquent August 1st, and bear interest at the rate of $\frac{3}{4}$ per cent. per month or fraction thereof until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

CHAS. M. (BUD) WHITESIDE,
Assessor, Weld County,
Greeley, Colorado.

CHAS. M. (BUD) WHITESIDE
County Assessor
Greeley, Colorado

How To Figure Your Own Taxes

If your property is in an incorporated town, multiply your valuation by the "Total Town, School, State and County Levy" which is last item opposite your Town on page 5.

If your property is not in an incorporated town, multiply your valuation by the "Total State, County and School Levy" which is last item opposite your school district on pages 2 or 3.

* Add \$603 to this levy before multiplying by the valuation if property is located in the Northern Colorado Water Conservancy District.

General Information

The Assessor's office has nothing to do with the making of the several series which within the legal limits provided by law, but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls when finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials. The amount of school district budgets is determined by the school boards and voters of school districts.

City and Town levies are made by City and Town Boards.

Consolidated levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

Personal Property tax becomes delinquent May 1st and if not paid by August 1st will be advertised in September.

Real Estate will be advertised for sale for delinquent taxes on or about October 25th, 1945 and sold on or about 10th, 1946.

1945 taxes are due January 1st, 1946. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of 4 1/2 per cent per month or fraction thereof.

The total amount of taxes due may be paid on or before April 30 without penalty or interest.

All unpaid Real Estate taxes become delinquent August 1st and bear interest at the rate of 4 1/2 per cent per month or fraction thereof until date of sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

CHAS. M. (BUD) WHITESIDE

County Assessor

Greeley, Colorado

How To Figure Your Own Taxes

If your property is in an incorporated town, multiply your valuation by the "Total Town, School, State and County Levy" which is last item opposite your Town on page 5.*

If your property is not in an incorporated town, multiply your valuation by the "Total State, County and School Levy" which is last item opposite your school district on pages 2 or 3.*

* Add .0002 to this levy before multiplying by the valuation if property is located in the Northern Colorado Water Conservancy District.

WELD COUNTY, COLORADO

General Information

WELD COUNTY, COLORADO

The Assessor's office has nothing to do with the making of the several levies when within the legal limits provided by law, but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls—when finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets is determined by the school boards and voters of school districts.

City and Town levies are made by City and Town Boards.

County tax levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

Personal property tax becomes delinquent May 1st, 1946 and if not paid by August 1st will be advertised in September.

Real Estate will be advertised for sale for delinquent taxes on or about October 25th, 1946, and sold December 9th, 1946.

1945 taxes are due January 1st, 1946. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of $\frac{1}{2}$ per cent. per month or fraction thereof.

The total amount of taxes due may be paid on or before April 30 without penalty or interest.

All unpaid Real Estate taxes become delinquent August 1st, and bear interest at the rate of $\frac{3}{4}$ per cent. per month or fraction thereof until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

CHAS. M. (BUD) WHITESIDE

County Assessor

Greeley, Colorado

How To Figure Your Own Taxes

If your property is in an incorporated town, multiply your valuation by the "Total Town, School, State and County Levy" which is last item opposite your Town on page 6.*

If your property is not in an incorporated town, multiply your valuation by the "Total State, County and School Levy" which is last item opposite your school district on pages 2 or 3.*

* Add .0003 to this levy before multiplying by the valuation if property is located in the Northern Colorado Water Conservancy District.

General Information

The Assessor's office has nothing to do with the making of the several levies when within the legal limits provided by law, but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies, and other public utility corporations. This office figures and extends the tax and completes the rolls. When finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials. The amount of school district levies is determined by the school boards and voters of school districts.

City and Town levies are made by City and Town Boards.

County tax levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

Personal property tax becomes delinquent May 1st, 1947, and if not paid by August 1st will be advertised in September.

Real Estate will be advertised for sale for delinquent taxes on or about October 25th, 1947, and sold December 8th, 1947.

1947 taxes are due January 1st, 1947. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of 1% per month or fraction thereof.

The total amount of taxes due may be paid on or before April 30th without penalty or interest.

All unpaid Real Estate taxes become delinquent August 1st and bear interest at the rate of 1% per month or fraction thereof until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

HOMER M. BRUCE

County Assessor

Greeley, Colorado

How To Figure Your Own Taxes

If your property is in an incorporated town, multiply your valuation by the "Total Town, School, State and County Levy" which is last item opposite you Town on page 5.*

If your property is not in an incorporated town, multiply your valuation by the "Total State, County and School Levy" which is last item opposite your school district on pages 2 or 3.*

* Add 3 to this levy before multiplying by the valuation if property is located in the Northern Colorado Water Conservancy District.

General Information

The Assessor's office has nothing to do with the making of the several levies when within the legal limits provided by law, but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls. When finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets is determined by the school boards and voters of school districts.

City and Town tax levies are made by City and Town Boards.

County tax levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

Personal property tax becomes delinquent May 1st, 1948, and if not paid by August 1st will be advertised in September.

Real Estate will be advertised for sale for delinquent taxes on or about October 25th, 1948, and sold December 13, 1948.

1947 taxes are due January 1st, 1948. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of $\frac{1}{2}$ per cent. per month or fraction thereof.

The total amount of taxes due may be paid on or before April 30th without penalty or interest.

All unpaid Real Estate taxes become delinquent August 1st, and bear interest at the rate of $\frac{3}{4}$ per cent. per month or fraction thereof until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

HOMER M. BRUCE

Assessor, Weld County,

Greeley, Colorado.

Abstract of Assessment

INFORMATION RELATIVE TO
VALUATION, LEVIES
AND DISTRIBUTION
OF TAXES

Weld County
COLORADO

1948

1948-1949 (1948-1949)

Approved by

The County Board of Equalization
The Colorado State Tax Commission
and
The State Board of Equalization

1948-1949 (1948-1949)

This abstract compiled by the Assessor's
office, is distributed to taxpayers and others
interested. Please look over carefully and file
for future reference.

HOMER M. BRUCE
Weld County Assessor
Greeley, Colorado

HOMER M. BRUCE

County Assessor

Greeley, Colorado

How To Figure Your Own Taxes

If your property is in an incorporated town, multiply your valuation by the "Total Town, School, State and County Levy" which is last item opposite your Town on page 5.*

If your property is not in an incorporated town, multiply your valuation by the "Total State, County and School Levy" which is last item opposite your school district on pages 2 or 3.*

* Add .3 to this levy before multiplying by the valuation if property is located in the Northern Colorado Water Conservancy District.

General Information

The Assessor's office has nothing to do with the making of the several levies when within the legal limits provided by law, but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls. When finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets is determined by the school boards and voters of school districts.

City and Town tax levies are made by City and Town Boards.

County tax levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

Personal property tax becomes delinquent May 1st, 1949, and if not paid by August 1st will be advertised in September.

Real Estate will be advertised for sale for delinquent taxes on or about October 25th, 1949, and sold December 12, 1949.

1948 taxes are due January 1st, 1949. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of $\frac{1}{2}$ per cent. per month or fraction thereof.

The total amount of taxes due may be paid on or before April 30th without penalty or interest.

All unpaid Real estate taxes become delinquent August 1st, and bear interest at the rate of $\frac{5}{8}$ per cent. per month or fraction thereof until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

HOMER M. BRUCE

Assessor, Weld County,

Greeley, Colorado.

Abstract of Assessment

INFORMATION RELATIVE TO
VALUATION, LEVIES
AND DISTRIBUTION
OF TAXES

Weld County
COLORADO

1949

Approved by

The County Board of Equalization
The Colorado State Tax Commission
and
The State Board of Equalization

This abstract compiled by the Assessor's
office, is distributed to taxpayers and others
interested. Please look over carefully and file
for future reference.

HOMER M. BRUCE
Weld County Assessor
Greeley, Colorado

HOMER M. BRUCE

County Assessor

Greeley, Colorado

How To Figure Your Own Taxes

If your property is in an incorporated town, multiply your valuation by the "Total Town, School, State and County Levy" which is last item opposite your Town on page 5.*

If your property is not in an incorporated town, multiply your valuation by the "Total State, County and School Levy" which is last item opposite your school district on pages 2 or 3.*

* Add .3 to this levy before multiplying by the valuation if property is located in the Northern Colorado Water Conservancy District.

General Information

The Assessor's office has nothing to do with the making of the several levies when within the legal limits provided by law, but has jurisdiction relative to the valuation of real and personal property of the county, except railroads, telegraph companies and other public utility corporations. This office figures and extends the tax and completes the rolls. When finished and balanced they are delivered to the County Treasurer for collection.

State Tax Levies are made by State Officials.

The amount of school district budgets is determined by the school boards and voters of school districts.

City and Town tax levies are made by City and Town Boards.

County tax levies are made by the County Commissioners.

Irrigation District and Drainage District taxes are made by the District Boards.

Personal property tax becomes delinquent May 1st, 1950, and if not paid by August 1st will be advertised in September.

Real Estate will be advertised for sale for delinquent taxes on or about October 25th, 1950, and sold December 11, 1950.

1949 taxes are due January 1st, 1950. Taxes may be paid in two equal payments. To avoid penalties the first half must be paid prior to March 1st, and the second half must be paid prior to August 1st.

From March 1st to August 1st the first half bears interest at the rate of $\frac{1}{2}$ per cent per month or fraction thereof.

The total amount of taxes due may be paid on or before April 30th without penalty or interest.

All unpaid Real Estate taxes become delinquent August 1st, and bear interest at the rate of $\frac{3}{2}$ per cent per month or fraction thereof until date of tax sale.

In correspondence with either this office or the Treasurer's office please refer to schedule number and school district number.

HOMER M. BRUCE

Assessor, Weld County,

Greeley, Colorado.
