# Mitigation Action Guides: 2021-26 Weld County

**ISSUE:** Currently, public outreach communication in the City of Dacono is split between internal employees and external consultants. This can be challenging in terms of coordinating messages, both around community outreach about hazards and preparedness, and during a disaster or large-scale emergency.

**RECOMMENDATION:** A newly funded position, Community Relations Coordinator, is proposed to coordinate all communication. This position will serve as the single point of contact to communicate to the public and all media outlets during a crisis or disaster and will enable the City of Dacono to provide a unified voice and trusted source for information about hazards, as well as fully participate in Carbon Valley public information and outreach groups.

**ACTION:** Fill the position in FY 2021

**LEAD AGENCY:** City of Dacono Public Works

**EXPECTED COST:** Unknown

**SUPPORT AGENCIES:** Weld County

**POTENTIAL FUNDING SOURCES:** Dacono city budget; State and Federal grants

**PROGRESS MILESTONES:** Engineering design and construction, RFP, bidding, construction, reclamation, completion.

To date, this project has undergone engineering review and design. Completion of this project will depend on available funding, and it has not yet been scheduled. This project should be continued as a 2021 mitigation action.
