RE: Notification of revisions to the Transport Permit Application, Code and Fee update

To Whom It May Concern:

This letter shall serve as notification that the Board of County Commissioners had approved an update to the Weld County Code as of December 18, 2019. The updates included new Transport Permit code, a new permit application format including additional categories, new provisions, and a new fee schedule. Per Ordinance 2019-16, all code updates were to become effective February 1, 2020 and fees associated with the permits were to become effective March 15, 2020. However, due to the timing of the pandemic, it was decided to not make the new fee schedule applicable at that time. The new fee updates will become effective **January 1, 2021**.

A copy of the new Transport Permit Application, Permit Requirements, and Fee Schedule have been attached for your information. These documents and a copy of the updated Weld County Code (see Chapter 8) will be available on the Weld County website at www.weldgov.com/departments/public_works/permits

If you have any questions regarding the new Transport Permit or Code changes, please contact Amy Mutchie, Permitting/Inspection Coordinator at 970-400-3764 or amutchie@co.weld.co.us.
