## WORK ON WCR 29 BRIDGES OCCURRING IN 2018

Weld County Road (WCR) 29 will be closed from January 15, 2018 through February 23, 2018 between State Highway 392 and WCR 70 while Weld County Public Works crews perform repairs on the bridge over the Greeley No. 2 canal (Bridge 29/68A).

Crews will replace the old steel abutments with concrete and remove and replace the asphalt and steel on the deck. Road closure information is available on the [Public Works page](#) of [www.weldgov.com](http://www.weldgov.com). Click on "Road Maintenance and Construction Closures."

Farther north, bridgework will take place north of WCR 84 on two bridges in the spring. WCR 29 will be closed in that area for approximately six weeks.

Finally, Weld County Public Works crews will also be working on three bridges north of WCR 88 closer to summer. That work will require closing WCR 29 for six to eight weeks for each bridge.

## WE APPRECIATE YOUR PATIENCE!

Thank you for your patience while Public Works performs these operations. For more information, please call (970) 400-3750 and watch for future newsletters.
