Resolution of Illegal Land Division (ILD) Standards Certification

Per Section 24-12-20 of the Weld County Code, all the foregoing standards shall be met to apply for a Resolution of Illegal Land Division. Please read and initial each item.

- The process defined in this Article is not being utilized for the purpose of evading the requirements and intent of Chapter 24 of the Weld County Code, as amended.
- It is not possible to restore the parcels back to the legal configuration.
- There are no available land division options in Chapter 24 of the Weld County Code, as amended, to rectify the illegal land division.
- The property owner of the illegal parcel is not the one who caused the illegal land division and is otherwise not responsible for it.
- The property owner does not own a parcel of land adjacent to the subject parcel, whereby combining the lots would rectify the illegal land division.
- At least ten (10) years has passed since the illegal land division occurred.
- At least one of the illegal properties is less than thirty-five (35) acres or is comprised of platted lots which have been divided without an approved land division process.
- The properties shall have access to an adequate water supply.
- The properties shall have access to an adequate sewage disposal method.

Resolution of Illegal Land Division (ILD) Questionnaire

Answer the following questions per Section 24-12-30.G of the Weld County Code. Please type on a separate sheet.

1. Explain why this is the only option to remedy the illegal land division.

2. Explain how and why the illegal land division occurred.

3. Describe the existing and proposed uses of the property.

4. Describe the existing and proposed potable water source

5. Describe the existing and proposed sewage disposal system.

6. Describe existing and proposed improvements.

7. Describe the existing access to the site.

8. Describe any existing and proposed drainage, access and/or utility easements and rights-of-way. Provide written documentation of any recorded easement or right-of-way necessary to access the property from a publicly maintained right-of-way. A survey may be required beyond the boundary of the illegal parcel.

9. Describe the current irrigation practices occurring on the site.

10. Describe the unique physical characteristics of the property, including, but not limited to, topography, water bodies, CRP lands, vegetation, floodplains, geohazard areas, MS4 and airport overlay district.

11. Detail the location of any on-site oil and gas facilities, irrigation ditches/laterals, pipelines, overhead lines, railroads, etc. Provide the names and addresses of any owner or operator of any oil and gas facilities, irrigation ditches/laterals, pipelines, overhead lines, railroads, etc.
