## Frequently Asked Questions: Electronic Waste Recycling Collection Event

- **When and where are the collection events?**
  - **Greeley Area:** 8:00 a.m. – 1:00 p.m. Saturday, May 16, 2026, at the Weld County Clerk and Recorder Parking Lot, [1250 H Street, Greeley, CO 80631](#)
  - **Frederick Area:** 8:00 a.m. – 1:00 p.m. Saturday, November 5, 2022, at the Frederick High School Parking lot, [5690 Tipple Parkway, Frederick, CO 80504](#)
- **What if I cannot make it to either of these dates/locations?**
  - Unfortunately, these are the only two free events that are being offered at this time. You may go online to [weldgov.com/go/hhw](https://weldgov.com/go/hhw) or call the Weld County Household Hazardous Waste Hotline at (970) 400-2233 for assistance finding a suitable location for electronic waste disposal.
- **How do I sign up?**
  - Use the following link to sign up for either event:  
<https://app.squarespacescheduling.comR/schedule.php?owner=26920560>
  - 600 vehicles can be serviced at each event.
- **What if I am unable to pick my desired timeslot?**
  - To help control traffic, incoming material, and staffing needs, we ask that you find an open slot and sign up when there is availability.
- **What if all the timeslots are full?**
  - We do not anticipate that we will fill all timeslots. However, if you are in the area and notice a short line or no line, then your electronic waste can still be dropped off.
  - However, if we experience long lines, we may ask those without a reservation to pull out of line and wait until those with reservations are serviced first. Additionally, if you notice long lines and you do not have a reservation, please come back at another time.
- **How much can I bring:**
  - There is no weight limit or device limit. However, it must fit within a normal residential sized vehicle and be easily accessible. **Trailers are not acceptable.**
- **Who is providing collection, destruction, recycling services?**
  - IT Refresh is providing all services including collection, transportation, destruction, recycling, and disposal. Please visit their [website](#) for more information.

- **What items are accepted?**

- Old, unused, broken, or unwanted electronics will be accepted. This may include the following items:

- Computer monitors
- Laptops
- Televisions
- Console Televisions
- Projection Televisions
- DVD/VHS Players
- VCRs
- CPUs
- Portable Electronic Devices
- Modems
- AV Equipment

- **Are any items not accepted?**

- These events are only for residential electronic waste. **No business waste will be accepted.**
- **Do not bring trailers.** This is for items that can fit into a car or pickup truck.
- This is for **electronic waste only**; no other wastes will be accepted.
- IT Refresh can refuse to accept any item as determined by their onsite staff.

- **What about items with personal data?**

- The Participant is voluntarily participating in an electronic recycling event coordinated by Weld County. With such knowledge, the Participant, on behalf of himself or herself, and on behalf of his or her heirs, successors, and assigns, voluntarily releases and agrees to hold harmless and indemnify the County of Weld; the Board of County Commissioners of County of Weld; and their employees and officers (the "Releasees"), from any and all claims and liability, past, present, or future, for any injury or damage to Participant or to his or her property, or confidential information remaining on the recycled items. The Participant also agrees to hold harmless and indemnify the Releasees from any and all claims and liability, past, present, or future, for any injury or damage to themselves or third parties, resulting from the negligent or intentional acts of the vendor providing this service occurring in the course of the event. Participant understands that the Releasees may be immune to liability pursuant to C.R.S., §§ 24-10-101, et. seq., by virtue of their governmental status. Participant acknowledges and agrees that this Release of Liability and Agreement to Hold Harmless and Indemnify is not intended to circumvent or replace such immunities.
- Directly from IT Refresh: "I.T. Refresh takes great measures to assure that all data retained in memory devices in electronic equipment and components is protected from theft or loss and shall not be released to unauthorized parties, from the moment we take control of the Electronic Equipment through final data destruction. We have implemented procedures to control facility security and access, collection procedures, and employee management. Our data security policies meet the requirements of the e-Stewards and R2 Standard, and we are in the final stages of becoming certified to the National Association of Information Destruction Standard."
